Your Reliable Partner

# Who We Are

Scot Global LLP, established in 2001, has solidified its position as a trusted procurement and trading company based in Atyrau, Kazakhstan. We began with the supply of personal protective equipment (PPE) and have since diversified our portfolio to include industrial valves, pipes, flanges, chemicals, reagents, lubricants, and greases. This is not an exhaustive list – we also supply a wide range of other industrial equipment and materials based on client needs. We work closely with globally recognized brands and proudly serve as the exclusive distributor of Bray International, headquartered in Houston, Texas, USA.

# Product Portfolio

- Personal Protective Equipment (PPE)
- Industrial Valves (incl. Bray International)
- Pipes & Fittings
- Flanges
- Chemicals & Reagents
- Lubricants & Greases
- Instrumentation & Control Components
- General Industrial Supplies (upon request)

# Our Procurement Timeline

1. Purchase Order Received: The procurement process begins with the receipt of a purchase order from the client.
2. Order Confirmation: After receiving the purchase order, Scot Global confirms receipt and sends an order confirmation/quotation to the client, including the expected delivery date.
3. Production and Fulfillment: Scot Global's partners produces and prepares the goods for shipment, following any necessary quality checks and packaging requirements (does not apply to in-stock items).
4. Shipment: Once the goods are prepared, Scot Global arranges for shipment with the carrier or logistics provider and provides the client with updates of the freight whether this be by air, sea or ground.
5. Delivery: The carrier delivers the goods to the client's specified location, and the client receives and inspects the goods to ensure they meet the order requirements.
6. Invoicing and Payment: Scot Global sends an invoice to the client for the goods and any associated fees. The client reviews and approves the invoice, and payment is issued according to the payment terms agreed previously.

It is important for Scot Global to closely monitor the procurement timeline and take steps to ensure that each step in the process is executed efficiently and effectively to make sure that our clients adhere to their project schedules.

# Compliance

Scot Global is committed to upholding the highest standards of compliance, ethics, and health and safety in all aspects of our business. Our team is dedicated to following all relevant regulations and laws, as well as ensuring the health and safety of our employees and customers.

We take pride in maintaining an ethical and transparent business culture and have implemented policies and procedures to prevent any form of unethical conduct. We believe that maintaining integrity and honesty is critical to building long-term relationships with our clients, employees, and other stakeholders.

In our office and warehouses, we strictly adhere to health and safety guidelines to ensure the wellbeing of our employees and visitors. We conduct regular risk assessments, provide adequate training to our staff, and maintain a safe and clean working environment.

At Scot Global, compliance, ethics, and health and safety are at the core of our operations. You can trust us to always do the right thing, and to provide a safe and compliant experience for our clients and employees alike.
